

Our Performance in 2018

68% of Year 11 students achieved a Grade 4 or better in their English and Maths GCSEs; this is a fantastic achievement and reflects the hard work of all staff and students.

We are also delighted with the significant improvements in student attainment in Art, Geography, History, French, PE and RE as well as maintaining strong attainment in Science, Food and Health and Social Care.

We expect the school's Progress 8 score to be significantly improved in all areas; it will be published in due course and the link below will allow you to compare the progress of our students against other children nationally.

At Smithdon High School we are never satisfied; we are on a journey of school improvement and are committed to ensuring every child makes progress.
